Restoration Counseling & Community Services (RCCS) is a treatment facility that works exclusively with those who have criminal backgrounds AND struggle with chemical dependency or mental health needs. We work with YOU to get all your needs met upon release including getting set up on medical insurance, accessing county benefits, finding work, and long-term housing. We have high, medium, and low intensity programming based on the results from your assessment. **Housing is available for both high and medium intensity.**

What do you know about the RCCS program outside of what's listed above?

What is your motivation to get this Rule 25 and enter treatment?

What changes are you willing to make upon release from prison and what does that look like to you?

What barriers do you anticipate upon your release that might prevent you from staying clean and out of jail?

Where do you want to see yourself **ONE YEAR** from now?
